

# OTTO'S PHOENIX HOUSE

Transitional Housing & Support for  
Female Veterans and Their Children

## YOUR NEW BEGINNING STARTS **HERE**

If housing uncertainty becomes part of your journey after service, we offer more than just walls and a roof — we provide the space to breathe, regroup, and move forward on your terms at no cost to you.

### Our female veteran housing features:

- ★ Seven private, furnished apartments
- ★ Up to two years of stable housing
- ★ Supportive on-site case managers
- ★ Access to VOC's full suite of services
- ★ Dedicated spaces for children, including computer access
- ★ Support groups and community activities

Every detail was chosen to make a space where you can focus on **building your future.**

# TOGETHER

## WE BUILD TOMORROW'S FOUNDATIONS

Otto's Phoenix House is the first and only housing program in our region specifically designed for female veterans and their children.

### What your support makes possible:

Unlike traditional shelters, Otto's Phoenix House recognizes that rebuilding takes time. Your contribution provides:

- ★ Specialized case management for both military and female-veteran-specific experiences
- ★ Child-centered spaces where families can heal together
- ★ Community connections that break the isolation many women veterans experience
- ★ Sustainable pathways to permanent housing and economic stability

In Monroe County alone, nearly 100 female veterans face housing insecurity each year, with even more across our five-county service region.

This unique housing is only possible with the support of our generous community.

To learn how you can invest in Otto's Phoenix House, visit [vocroc.org](https://vocroc.org) or contact Joan Brandenburg, Director of Advancement:
